Sonoma County has always been a land of pioneers — a place where innovation is as limitless as the sky. In that spirit, we've set our winemakers free to follow their passion. Inspired by the unique qualities of our high-elevation Cooley Ranch vineyard in northeastern Sonoma County, they've returned with wines using varietals benefitting from the unique confluence of the mountains, sea, and fog of Cooley Ranch, untethered by trends or tradition, yet grounded in the history of the land.

To create 600L, winemaker Justin Seidenfeld was inspired by microvinification, the process of finding exceptional spots in a vineyard down to a single row to grow grapes. Seidenfeld used this technique to craft a wine that is an expression of only the most pristine grapes in hand-selected blocks of our Cooley Ranch vineyard.

Named for the fermentation vessel, a custom-made 600L barrel of which there are only 6 made in the world, 600L demonstrates Seidenfeld's passion for exceptional wine making. Seidenfeld hand crafted all aspects of 600L from farming the land alongside viticulturalist Ryan Decker to barrel down and punch downs.
